

Getting to Lake City and Snowden Meadow

To get to Lake City, you **MUST** use Highway 149. **DO NOT** use any other road indicated by Google Maps, etc.!

Other routes are OHV seasonal roads for 4WD high clearance vehicles only, and trailers are prohibited!

To get to Snowden Meadow from Hwy 149:

Turn west on 1st street and drive to the end. Turn left on Henson Creek Road (C.R. 20). You will see signs for Alpine Loop Scenic Byway and Engineer Pass.

You will drive approximately 4.5 miles up Henson Creek Road. It is dirt but is easy and well-maintained. Snowden Meadow is on the right just past the Nellie Creek Road and Uncompahgre Trailhead. There will be signs posted at the entrance to Snowden Meadow. Be careful turning in--the entrance is a very tight turn and long rigs will have to swing wide.
