Hand saws, crosscut saws, etc. for trail project (no chainsaws)
Sunscreen
Bug spray
Change of shoes and extra socks
Warm clothing
Musical instruments
Donation(s) for the auction
Money/checkbook for the auction

We will provide firewood for the main campfire, but you may make your own campfire if there is an established fire ring. Please do not make any new fire rings. If you make your own campfire, you must bring your own wood. Please do not burn wood found in the camping area unless it is already dead and on the ground, and please do not "borrow" from the NAPgA stack.

Our work project will involve a lot of water crossing, so please be prepared to get your feet wet. Wear pants that dry quickly and use wool or synthetic socks. Bring a change of shoes and socks to wear after the project.
