Something Presidential... (how I address my HOA newsletters...[meant to be tongue-in-cheek!])

The presence of a few bright days, and some warmer temps indicate that maybe, just maybe, winter is losing its grip. Hope so... *I lost mine some time ago.* ;-)

The NL will be a bit thin this month. No news from the 'forest grabbers', and in that case no news is definitely good news.

If you have anything to contribute to this effort, please send it on to me by the first of the month.

Send to: lrobinson@napga.org

The NAPgA Store

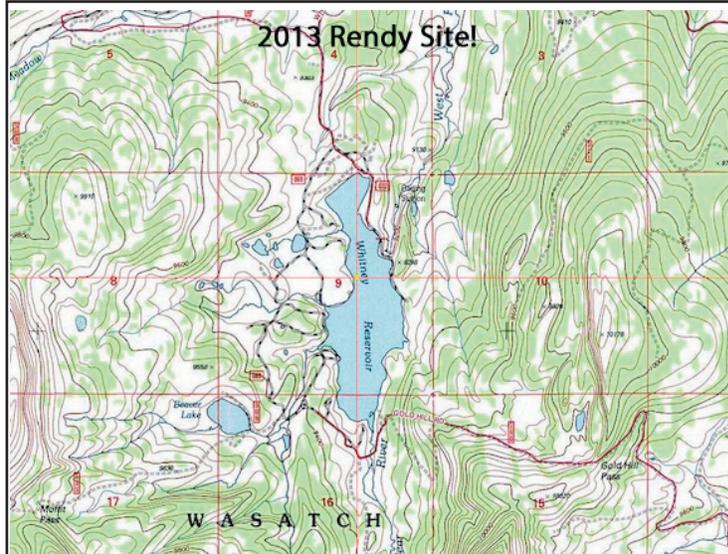

Please remember that payments sent to the NAPgA Store, must go to: napga@napga.org. Sent to any other address, the funds get hung up for some time, and eventually go back to you. A lose-lose for everyone!

Speaking of the NAPgA Store...

Please remember that the store has a number of items designed to let you show your 'NAPgA Colors', in addition to a couple of buttons to make it easier to renew your NAPgA membership. Please remember as well, that all purchases go right back into the NAPgA fund reservoir, and we will be needing to tap into that reservoir at some point to continue our defense of the forest.

Be Sure and Note the Dates for the 2013 Rendezvous on your Summer Calendar! 27-30 June

The Rendezvous will be on the Whiskey Reservoir this year in the extreme upper NE section of Utah. Unlike the the 2010 Rendezvous, where it was 'Welcome to Wyoming... now please go home', this year we expect to be a lot more well-received. Clay Zimmerman, an old hand at sponsoring Rendys, is doing the legwork, and I suspect that it will be a fun time with the goats and with each other. More details will be published on the NAPgA website, at the **URL** below:

The NAPgA Website - What to Do if You Can't Seem to Log In??

When we had the NAPgA website professionally done some years back, they inserted into it a routine that will only let someone access the site as long as their dues were current.

Soooo, if you try to log in after **March 1st**, with your normal access info, and it says 'go fish', must be time to contact Larry and see Whasssssup??? Or maybe simply bring one's dues up to date. *Ya think? :-)))*

NAPgA's Funds

This is not exactly new information, and in fact might be dismissed by some as 'harping', but at some point, it is almost certain that we will have to go to court over access to the Wind River Range (Shoshone NF), and at that point, we will need a lot more in the bank than we have at the present time. Your freedom to hike anywhere there are BHS, is at stake. Better think about it.
